THREE DAYS CELEBRATION FAVORED BY COMMITTEES

Final Action Not to be Taken Until General Meeting Next Week.

WOULD COST LITTLE MORE

Would Give Chance for More Elaborate Demonstration On the Fourth.

At the meeting of the Fourth of July committees last night in Burgess Risbeck's office, the matter of having the celebration last a week, as proposed yesterday by the Mail, was taken up for discussion. The idea of a six days' celebration met with some approval. A suggestion was made, however, by S. C. Todd that the celebration last not more than three days, it being felt that the week would take too much of the time of the various committee members. It was decided not to take final action on the matter until Tuesday evening of next week, when every committee man, chairman, merchant and business man is requested to be present.

The celebration either of three or six days would start on July 4, this being the first of the week. In the event of either time being selected there would be sports and amusements for each day, races and various contests in all probability to be made a feature. It would require but little more effort to have the three days than the one day celebration, and the cost would be little more.

The movement to increase the time of the celebration is brought about by the fact that the stores will be closed on the Fourth, and would thereby lose trade, which they might gain by keeping open other days during a continued celebration.

'Squire Actin' Up.

John Jenkins, the newly elected justice of the peace at Charleroi, is one of the feature acts the first three days this week at the Star Theatre, Monessen, putting on an act as black face comedian. Johnny's efforts have thus far been much appreciated by the large audiences.

Mrs. Nelly Bell of Lincoln avenue has been granted a divorce from Lawrence Bell on the grounds of cruel and barbarous treatment and non-support.

Harry Frye of North Charleroi has purchased a new Buick automobile from the Spencer Garage of Charleroi.

Sixty Days In Jail for Tom

Man Banished Six Months Ago Promptly Gets Into Trouble on Return

Tom Barclay, who after having been banished from Charleroi for six months, returned on Monday, was this morning sentenced to 60 days in jail by Justice of the Peace Rice, just because Tom couldn't live in Charleroi and be good. Tom has been greeting friends, and it is said became too friendly with Tom Hogan, with the result that the latter Tom brought suit against him for assault and battery.

Mrs. Sivertson of Washington avenue is spending the day in Pittsburgh.

YEE YEK WORSE AS RESULT OF ATTEMPT AT BURGLARY

Owing partly to an attempt which was made last night to rob his laundry, William Yee Yek, the Chinaman shot Saturday night by Frank Morgan is in poor condition this morning. He had a backache about 10:30 o'clock and his temperature attained 104 degrees. The attempt at robbery was made by a young fellow of Charleroi, it is stated, at about 9 o'clock. Two of Yee Yek's countrymen had charge of

the laundry, when the young fellow entered and said he had some work that he wanted to get. They could not identify the package and he was allowed to go behind the counter to look for it. While there he opened the cash drawer, and took some money therefrom. He ran but was pursued by the two Chinamen, who finally overtook him, secured the money, and then let him go.

NEW CAR RUN THROUGH ON CHARLEROI DIVISION

Makes a Pleasing Sight—Will Be Installed in Regular Service as Soon as Possible.

PENNSYLVANIA RAILROAD BEING BEAT OUT

If the Pennsylvania railroad doesn't hurry and grant Charleroi a few improvements pretty soon, they won't need them. The Pittsburg Railways company, which sometime ago announced that Charleroi was going to get better street car service, and said it in a way that sounded like solid substance, have about got new cars ready, and will have them placed on

the division at the earliest opportunity. Yesterday afternoon the first new car was run out from Pittsburg on a trial trip. It was seen by many people along the route, and its fine appearance and up-to-date equipment was remarked upon. The company has already installed the new cars upon the Washington branch, and have been running cars formerly used there on the Charleroi line.

Commissioner Named to Take Testimony

Hugh E. Fergus, Esq., of Charleroi has been appointed commissioner to take testimony and pass upon the facts in the matter of the incorporation of the St. James A. M. E. church of Charleroi, to which proposed incorporation a remonstrance has been filed by some of the members of the church. Those desiring incorporation hold that some of those remonstrating are not members of the congregation; and that the majority of the members of the congregation desire incorporation.

Entertainment to Be One of Best By Purely Home Talent

Tonight will be the last rehearsal of the County Fair. With all the preparations that have been made there is no question of the merit of the entertainment and with the talent that has been secured for the event there is even less question as to the success of the performance. All of the choruses have been carefully trained for the past week and there was not a hitch at the rehearsal last night. Everything went off in a form that left nothing to be expected. Those who are to take the leading parts have been earnestly at work and have perfected themselves in their parts.

His place in Monongahela will be taken by Rev. E. J. Walsh, who has been in charge of St. Paul's Roman Catholic church at Tarentum.

NORMAL SENIORS PRESENT TREE TO SCHOOL TRUSTEES

Hold Exercises in Honor of Day and Plant Trees About Campus

The Senior class of the California Normal yesterday held a class tree day, and besides planting a number of trees about the grounds presented a tree to the trustees of the Normal, and planted it. A program was rendered, opening with a march by the class this being followed by class songs. Wade Blackburn delivered an oration, after which Miss Eva Hoover presented the tree to the board of trustees. The response was by Prof. G. G. Hertzog, of the faculty. The program closed by the planting of the trees by the class and a march. Arrangements are being made now to observe May day on May 6. Miss Emma Billingsley will be Queen of the May.

Takes Members of Fancy Work Club on Jaunt over Town

Miss Olive Loder and Miss Helen Meeker were hostesses last night of the Methodist Fancy Work club, composed of a number of young ladies of the church and Sunday school. Thimbles and thread were laid aside and an innovation was made in the method of entertaining, Misses Loder and Meeker conducting the girls for a quiet as well as enjoyable walk over the town, ending the trip by going to the Palace Theatre, and then to Wagner's Ice Cream parlor, where refreshments were served. The tables here were decorated, and at each plate was a carnation.

Subject to the Decision of the Repub-
lican Voters of the Twenty-Fourth
District at the Primaries June 4

Prosperity Indicated.

One of the most hopeful signs of
the industrial situation of the country
is the dividend of five per cent just
declared on the common stock of the
United States Steel corporation. It
has been stated that the iron and steel
industry is the business barometer of
the country, and that when all the
steel mills and furnaces are working
steadily, business everywhere else is
prosperous. The dividend rate of the
common stock was four per cent in
1909, and two percent in 1908. As the
amount of common stock on which this
dividend is paid aggregates more
than \$500,000,000, the amount disbursed
as dividends will put a considerable
sum of money in circulation. In addi-
tion to this increase in dividends, the
corporation has recently granted a
substantial increase in wages to its
employees all along the line.

For some years the United States
Steel corporation has made liberal
offers of its stock, both common and
preferred, to its employees on easy terms
of payment. Thousands of dollars
worth of stock have been taken by the
employees, which make them
sharers in the profits. The preferred
stock pays an annual dividend of seven
per cent, and the common has now
been advanced five. This latter is
better than any savings bank rate with
equal, if not better, promise of stability.
The corporation is more
strongly fortified than ever against
possible business reverses, and so
long as industry is at all flourishing in
this country the United States steel
corporation will be in at the head.

Alive to the Situation.

The excellent showing made by the
large class of coal miners who took
examinations here recently for mine
and fire boss certificates, demonstrates
that many of this class of workmen
are alive to the opportunities offered
in their calling. As the Mail has
before remarked the opportunities for
higher positions in coal mining are
widening, and with changing condition

requires more skill and intelligence.
The result of the examinations is most
gratifying to Mine Inspector F. W.
Cunningham of the Twenty-first district
who is making every effort to
safeguard the miners in his jurisdiction,
as well as to improve conditions
and increase the efficiency of the
workmen.

The success of the present class
will also do much to stimulate en-
deavor among the young men of this
section, who by means of the schools
and home study can equip themselves
for a progressing and remunerative
career. The demand was never
greater for bright, alert and well
trained young fellows in the mining
industry, and with the new methods
that are bound to be installed in the
near future, the specially trained
workman will be in greater demand
than ever.

No More Prize Lists

Patrons of the Mail should bear in
mind that this paper cannot publish
any accounts of prizes won or awarded
at euchre or other social gatherings,

or drawings or raffles for any benefit,
whether personal, social, religious or
fraternal. The United States Postal
authorities have put these affairs under
the ban as lottery schemes, and
any paper, magazine or periodical
publishing an account of and giving a
list of the same, is liable to lose its
mailing privileges.

While this order has been in force
for some time, it has not been generally
obeyed, but stringent orders have
just been issued to the postmasters to
throw out of the mails any publication
mentioning prizes at social functions
or any drawing or gift enterprise
scheme. A paper thus offending
would lose its special rate mailing
privileges, which would virtually put
it out of business. Gambling, lot-
teries and raffles are misdemeanors
according to the State law, as well
as the United States law, and the
Postal authorities are determined that
the mails shall not be used to ad-
vertise or promote such violations.

ELECTRIC SPARKS

So many of the quilts and blankets
at the home of Lysander John Appleton
are spread out on the lawn these
cold nights to protect the flowers
from frost that when Lysander John
Appleton came home from his club at
a late hour last night he grew con-
fused and didn't know which one was
his bed. Should he crawl under that
familiar blue-bordered blanket spread
over the geraniums, or was that his
bed covered with a white spread over
in the pansy corner? He finally
compromised by crawling in bed with
the daisies under a nine-patch quilt,
and there is where they found him
this morning.—Atchison Globe.

The most natural as well as most
dangerous thing a woman does when
she sees a child in danger, is to scream.
A woman in New York city the
other day saw her child upon the
fire escape on the third story, and
promptly screamed. The child was
startled and fell off, but a policeman
was underneath to catch it.

TOO GOOD TO BE WELL.

A London Hospital Doctor's Hurry
Patient From the Outside.

The accident bell at the door of the
hospital clangs, and the next moment
an agitated patient is seen running
down the passage with a child tucked
under the arm, his bare legs streaming
behind it in the wind of its mother's
rapidity.

"What's the matter, miss? Has she
swallowed some of it?"

"No, sir, and for father 'e's that
ain't scared me, I don't know
ardly wh' e'vey to turn."

"Well, but what's happened? Has
she hurt her-e-h?"

"No, sir, and for father 'e's that
ain't scared me, I don't know
ardly wh' e'vey to turn."

"Come, now, miss, just tell me
quietly what's the matter with the
child."

The patient, a pretty little thing of
four, looks inquiringly at her alarmed
parent. There seems to be little th-
matter with her.

"It's all very well yer a-sittin' there
and a-teillin' of me to be quiet," cries
the mother. "If yer 'ad children of
yer own yer wouldn't like ter see 'em
die afore yer eyes. Oh, dear! oh, dear,
and there ain't only two more and the
bab!"

The doctor in despair examines the
little girl, but fails to discover any-
thing wrong. "Now, look here," says
he firmly. "I can't find anything the
matter with your child, so you'll have
to go away unless you tell me why you
brought her up to the hospital."

"Well, doctor, we was all a-harin'

'ow she loved God and was goin' to

tones of horror. "Ain't yer goin' to

Eczema—A Germ Disease Can
Now Be Cured.

The medical profession is all agreed
that Eczema is a germ disease but
the thing that has baffled them is to
find some remedy that will get to
the germs and destroy them.

Zemo the clean, external treatment
has solved this difficulty by drawing
the germs to the surface of the skin
and destroying the germ life that
causes the diseases. The whole
method of treatment and cure by
Zemo is explained in an interesting
book on the subject issued by the
makers of Zemo. It tells how to cure
yourself at home of Eczema, Black-
heads, Pimples, Dandruff and all
diseases of the skin and scalp. Call at

Does Your Backache?

If you are a woman and you have this symptom get Lydia E. Pinkham's Vegetable Compound without delay. Backache seems an invention of the evil one to try woman's souls. Only those who suffer this way can understand the wearing, ceaseless misery.

We ask all such women to read the two following letters for proof that Mrs. Pinkham's medicine cures backache caused by female diseases.

Milwaukee, Wis.—"Lydia E. Pinkham's Vegetable Compound has made me a well woman, and I would like to tell the whole world about it. I suffered from female troubles and fearful pains in my back. I had the best doctors and they all advised an operation. Lydia E. Pinkham's Vegetable Compound made me a well woman and I have no more backache. I am ready to tell every one what this medicine has done for me."—Mrs. Emma Imse, 833 First St., Milwaukee, Wis.

Pittsburg, Pa.—"I had backache for four months steady and tried everything for it, but nothing helped. Compound. After the first bottle I felt a change. I took five in all and I am cured. I have not had any backache since. I think the Compound is wonderful for women."—Mrs. G. Leiser, 6219 Kinkaid St., E. E., Pittsburg, Pa.

Lydia E. Pinkham's Vegetable Compound has made thousands of cures of such cases. You notice we say has cured thousands of cases. That means that we are telling you what it has done, not what we think it will do. We are stating facts, not guesses.

We challenge the world to name another remedy for female ills which has been so successful or received so many testimonials as has Lydia E. Pinkham's Vegetable Compound.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

THERE'S NO RISK

If This Medicine Does Not Benefit, You Pay Nothing.

A physician who made a specialty of stomach troubles, particularly dyspepsia, after years of study perfected the formula from which Rexall Dyspepsia Tablets are made.

Our experience with Rexall Dyspepsia Tablets leads us to believe them to be the greatest remedy known for the relief of acute indigestion and chronic dyspepsia. Their ingredients are soothing and healing to the inflamed membranes of the stomach. They are rich in pepsin, one of the greatest digestive aids known to medicine. The relief they afford is almost immediate. Their use with persistency and regularity for a short time brings about a cessation of the pains caused by stomach disorders.

Rexall Dyspepsia Tablets will insure healthy appetite, aid digestion and promote nutrition. As evidence of our sincere faith in Rexall Dyspepsia Tablets, we ask you try them at our risk. If they do not give you entire satisfaction, we will return you the money you paid us for them, without question or formality. They come in three sizes, prices 25 cents, 50 cents and \$1.00. Remember you can obtain them only at our store—Rexall Store. John W. Carroll.

Getting Sleepy on the Job.

There's a tired, drowsy feeling which comes over me at this season, and while I know it's springtime, yet I can't explain the reason, why I feel a strange reluctance to a ride out home tonight, for I know that house by this time must be in an awful plight. I don't know how wily stands it every spring and every fall, she certainly hasn't missed a single year that I recall. I guess I'll buy Chi-Namel—make all the floors like new.

They'll clean house then in half the time, 'twill look much better too. "Housecleaning" loses its terrors for those whose floors, furniture and woodwork are coated with Chi-Namel varnish. It's smooth, hard, non-absorbent surface washes up like a piece of chinaware. Made in all colors. Stains and varnishes in one operation. Sold by T. P. Grant.

Hides Old Blemishes.

My varnish colors and varnishes in one application. Hides scratches and marks on old furniture. Makes hardwood floors scratch-proof and heel

poof. 50c can covers 100 sq. feet. Chinese Oil gives it a free-flowing and self-leveling quality which makes it possible for the amateur to coat large surfaces like floors and doors without showing brushmarks, patches or laps.

It levels itself, very little brushing is necessary.

Quaker Oats is the best of all foods; it is also the cheapest. When such men as Prof. Fisher of Yale University and Sir James Crichton Brown LL.D., F.R.S. of London spend the best parts of their lives in studying the great question of the nourishing and strengthening qualities of different foods, it is certain that their advice is absolutely safe to follow.

Professor Fisher found in his experiments for testing the strength and endurance of athletes that the meat eaters were exhausted long before the men who were fed on such food Quaker Oats. The powers of endurance of the non-meat eaters were about eight times those of the meat eaters.

Sir James Crichton Browne says eat more oatmeal, eat plenty of it and eat it frequently.

THE ONLY WAY

Many Charleroi Citizens Have Discovered It.

Just what to do when the kidneys are affected, is a question that concerns both young and old. Weak kidneys neglected in childhood lead to life-long suffering. People of advanced years, with less vitality, suffer doubly. In youth or age, languor, backache, urinary irregularity, dizziness and nervousness make life a burden.

There is one remedy that acts directly on the kidneys and cures these troubles. Doan's Kidney Pills have world wide fame to the fact that they cure sick kidneys and cure them permanently. Follow the example of this Charleroi citizen and you will be convinced that this is so.

Mrs. George Ewing, 91 Shady avenue, Charleroi, Pa., says: "Doan's Kidney Pills have been in use in our family for some time with the best of results. We procure our supply at Piper Bros.' Drug Store, and it does not take this remedy long to dispose of any attack of kidney trouble. I advise anyone troubled by disordered kidneys to give Doan's Kidney Pills a trial."

THREE DAYS CELEBRATION FAVORED BY COMMITTEES

Final Action Not to be Taken Until General Meeting Next Week.

WOULD COST LITTLE MORE

Would Give Chance for More Elaborate Demonstration On the Fourth.

At the meeting of the Fourth of July committees last night in Burgess Risbeck's office, the matter of having the celebration last a week, as proposed yesterday by the Mail, was taken up for discussion. The idea of a six days' celebration met with some approval. A suggestion was made, however, by S. C. Todd that the celebration last not more than three days, it being felt that the week would take too much of the time of the various committee members. It was decided not to take final action on the matter until Tuesday evening of next week, when every committee man, chairman, merchant and business man is requested to be present.

The celebration either of three or six days would start on July 4, this being the first of the week. In the event of either time being selected there would be sports and amusements for each day, races and various contests in all probability to be made a feature. It would require but little more effort to have the three days than the one day celebration, and the cost would be little more.

The movement to increase the time of the celebration is brought about by the fact that the stores will be closed on the Fourth, and would thereby lose trade, which they might gain by keeping open other days during a continued celebration.

'Squire Actin' Up.

YEE YEK WORSE AS RESULT OF ATTEMPT AT BURGLARY

Owing partly to an attempt which was made last night to rob his laundry, William Yee Yek, the Chinaman shot Saturday night by Frank Morgan is in poor condition this morning. He had a backset about 10:30 o'clock and his temperature attained 104 degrees.

The attempt at robbery was made by a young fellow of Charleroi, it is stated, at about 9 o'clock. Two of Yee Yek's countrymen had charge of

the laundry, when the young fellow entered and said he had some work there he wanted to get. They could not identify the package and he was allowed to go behind the counter to look for it. While there he opened the cash drawer, and took some money therefrom. He ran but was pursued by the two Chinamen, who finally overtook him, secured the money, and then let him go.

NEW CAR RUN THROUGH ON CHARLEROI DIVISION

Makes a Pleasing Sight—Will Be Installed in Regular Service as Soon as Possible.

PENNSYLVANIA RAILROAD BEING BEAT OUT

If the Pennsylvania railroad doesn't hurry and grant Charleroi a few improvements pretty soon, they won't need them. The Pittsburg Railways company, which sometime ago announced that Charleroi was going to get better street car service, and said it in a way that sounded like solid substance, have about got new cars ready, and will have them placed on

the division at the earliest opportunity. Yesterday afternoon the first new car was run out from Pittsburg on a trial trip. It was seen by many people along the route, and its fine appearance and up-to-date equipment was remarked upon. The company has already installed the new cars upon the Washington branch, and have been running cars formerly used there on the Charleroi line.

Those desiring incorporation hold that some of those remonstrating are not members of the congregation, and that the majority of the members of the congregation desire incorporation.

Entertainment to Be One of Best By Purely Home Talent

Tonight will be the last rehearsal of the County Fair. With all the preparations that have been made there is no question of the merit of the entertainment and with the talent that has been secured for the event there is even less question as to the success of the performance. All of the choruses have been carefully trained for the past week and there was not a hitch at the rehearsal last night. Everything went off in a form that left nothing to be expected.

Those who are to take the leading parts have been earnestly at work and have perfected themselves in their parts.

NEWSPAPERS MUST EXERCISE CARE IN THE PUBLICATION OF SOCIAL AFFAIRS WHERE PRIZES ARE GIVEN

Postmasters throughout the country, including Postmaster J. E. McCordle, at the local office, have received notices through the last issue of the "Postal Guide," a Government publication, that newspapers must not publish accounts of the giving of prizes at social gatherings. A portion of the ruling reads as follows, it being an amendment to Section 499 of the postal regulations:

"No letter, package, post card or circular concerning any lottery, gift enterprise, or similar scheme offering prizes dependent in whole or in part upon lot or chance and no newspaper, circular, pamphlet, or publication of any kind containing the advertisement of any lottery, gift enterprise, or scheme of any kind offering prizes dependent in whole or in part upon lot or chance, or containing any list of the prizes drawn or awarded by means of any such lottery, gift enterprise, or scheme, whether said list contains prizes dependent in whole or in part upon lot or chance, and no lottery ticket or part thereof, or paper, certificate, or instrument purporting to be or to represent a ticket, chance, or

Wade Blackburn delivered an oration, after which Miss Eva Hoover presented the tree to the board of trustees. The response was by Prof. G. G. Hertzog, of the faculty. The program closed by the planting of the trees by the class and a march. Arrangements are being made now to observe May day on May 6. Miss Emma Billingsley will be Queen of the May.

Takes Members of Fancy Work Club on Jaunt over Town

Miss Olive Loder and Miss Helen Meeker were hostesses last night of the Methodist Fancy Work club, composed of a number of young ladies of the church and Sunday school. Thimbles and thread were laid aside and an innovation was made in the method of entertaining, Misses Loder and Meeker conducting the girls for a quiet as well as enjoyable walk over the town, ending the trip by going to the Palace Theatre, and then to Wagner's Ice Cream parlor, where refreshments were served. The tables here were decorated, and at each plate was a carnation.

FOR CONGRESS

JOHN K. TENER OF CHARLEROI

Subject to the Decision of the Repub-
lican Voters of the Twenty-Fourth
District at the Primaries June 4

Prosperity Indicated.

One of the most hopeful signs of
the industrial situation of the country
is the dividend of five per cent just
declared on the common stock of the
United States Steel corporation. It

has been stated that the iron and steel
industry is the business barometer of
the country, and that when all the
steel mills and furnaces are working
steadily, business everywhere else is
prosperous. The dividend rate of the
common stock was four per cent in
1906, and two percent in 1908. As the
amount of common stock on which
this dividend is paid aggregates more
than \$508,000,000, the amount disbursed
as dividends will put a considerable
sum of money in circulation. In ad-
dition to this increase in dividends, the
corporation has recently granted a
substantial increase in wages to its
employees all along the line.

For some years the United States
Steel corporation has made liberal
offers of its stock, both common and
preferred, to its employees on easy terms
of payment. Thousands of dollars
worth of stock have been taken by
the employees, which make them
sharers in the profits. The preferred
stock pays an annual dividend of seven
per cent, and the common has now
been advanced five. This latter is
better than any savings bank rate with
equal, if not better, promise of sta-
bility. The corporation is more
strongly fortified than ever against
possible business reverses, and so
long as industry is at all flourishing in
this country the United States steel
corporation will be in at the head.

The most natural as well as most
dangerous thing a woman does when
she sees a child in danger, is to
scream. A woman in New York city
the other day saw her child upon the
fire escape on the third story, and
promptly screamed. The child was
startled and fell off, but a policeman
was underneath to catch it.

If during the later spring your
olfactory nerves are offended by a
smell of something fierce, don't think
that it is the remains of Halley's
comet. It's the garbage wagon
going by.

Those persons who become offended
because we fail to publish the arrival
of additions to their households should
notify us when the interesting event
is pulled off. We have no means of
keeping tab on the stock's route.

The retirement of Congressman
Huff may be due to the intention of
the Monessen Independent to fight
him. It was a case of "Don't shoot,
Mister Crockett, I'll come down."

Alive to the Situation.

The excellent showing made by the
large class of coal miners who took
examinations here recently for mine
and fire boss certificates, demonstrates
that many of this class of workmen
are alive to the opportunities offered
in their calling. As the Mail has
before remarked the opportunities for
higher positions in coal mining are
widening, and with changing conditions

requires more skill and intelligence.
The result of the examinations is most
gratifying to Mine Inspector F. W.
Cunningham of the Twenty-first dis-
trict who is making every effort to
safeguard the miners in his jurisdiction,
as well as to improve conditions
and increase the efficiency of the
workmen.

The success of the present class
will also do much to stimulate en-
deavor among the young men of this
section, who by means of the schools
and home study can equip themselves
for a progressing and remunerative
career. The demand was never
greater for bright, alert and well
trained young fellows in the mining
industry, and with the new methods
that are bound to be installed in the
near future, the specially trained
workman will be in greater demand
than ever.

No More Prize Lists

Patrons of the Mail should bear in
mind that this paper cannot publish
any accounts of prizes won or awarded
at euchres or other social gatherings,
or drawings or raffles for any benefit,
whether personal, social, religious or
fraternal. The United States Postal
authorities have put these affairs un-
der the ban as lottery schemes, and
any paper, magazine or periodical
publishing an account of and giving a
list of the same, is liable to lose its
mailing privileges.

While this order has been in force
for some time, it has not been genera-
lly obeyed, but artful orders have
just been issued to the postmasters to
throw out of the mails any publication
mentioning prizes at social functions
or any drawing or gift enterprise
scheme. A paper thus offending
will lose its special rate mailing
privileges, which would virtually put
it out of business. Gambling, lot-
teries and raffles are misdemeanors
according to the State law, as well
as the United States law, and the
Postal authorities are determined that
the mails shall not be used to adver-
tise or promote such violations.

ELECTRIC SPARKS

So many of the quilts and blankets
at the home of Lysander John Appleton
are spread out on the lawn these
cold nights to protect the flowers
from frost that when Lysander John
Appleton came home from his club at
a late hour last night he grew con-
fused and didn't know which one was
his bed. Should he crawl under that
familiar blue-bordered blanket spread
over the geraniums, or was that his
bed covered with a white spread over
in the pansy corner? He finally
compromised by crawling in bed with
the daisies under a nine-patch quilt,
and there is where they found him
this morning.—Atchison Globe.

The most natural as well as most

she sees a child in danger, is to
scream. A woman in New York city
the other day saw her child upon the

the mother. "If yer 'ad children of

The doctor in despair examines the

he firmly. "I can't find anything the

TOO GOOD TO BE WELL.

London Hospital Doctor's Hurry
Patient From the Outside.

The accident bell at the floor of the
hospital clangs, and the next moment
an agitated parent is seen running
down the passage with a child tucked
under the arm. Its bare legs streaming
behind it in the wind of its mother's
rapidity.

"What's the matter, missis? Has she
swallowed some poison?"

"No, sir; it ain't that," she pants.
"But I'm 'ter scared; I don't know
whidly what to do now."

"Well, but what's happened? Has
she hurt herself?"

"No, sir, and 'er father 'e's that up-
set 'e couldn't do nuthin' else. I ain't
used to running like that, and 'e'd be
brought 'er up, but 'e says as 'ow 'e
daren't touch 'er, and I've run all the
way, and me 'ear!"

"Come, now, missis, just tell me
quietly what's the matter with the
child."

The patient, a pretty little thing of
four, looks inquiringly at her alarmed
parent. There seems to be little
matter with her.

"It's all very well yer a-sittin' there
a-tellin' of me to be quiet," cries
the mother. "If yer 'ad children of
yer own yer wouldn't like ter see 'em
die before yer eyes. Oh, dear; oh, dear;
and there ain't only two more and the
babys!"

The doctor in despair examines the
little girl, but fails to discover anything
wrong. "Now, look here," says
he firmly. "I can't find anything the
matter with your child, so you'll have
to go away unless you tell me why you
brought her up to the hospital."

Eczema—A Germ Disease Can
Now Be Cured.

The medical profession is all agreed
that Eczema is a germ disease but
the thing that has baffled them is to
find some remedy that will get to
the germs and destroy them.

Zemo the clean, external treatment
has solved this difficulty by drawing
the germs to the surface of the skin
and destroying the germ life that
causes the diseases. The whole
method of treatment and cure by
Zemo is explained in an interesting
book on the subject issued by the
makers of Zemo. It tells how to cure
yourself at home of Eczema, Black-
heads, Pimples, Dandruff and all
diseases of the skin and scalp. Call at
Piper Bros. Drug Store for Booklet
and learn more about this clean,
simple remedy that is now recognized
as the standard treatment for all disease
of the skin and scalp.
